NEW WESTMINSTER, THURSDAY, MAR. 30, 1865.

THE INDIAN GRAVES ORDINANCE.

The subject is a grave one, and we were glad to see the appreciative manner in which it was treated by the House yesterday. It has more than once fallen within the range of our duty to allude to the wanton desecration of Indian burial grounds, and to deprecate the possible consequences to the white settlers. And yet, after investing the subject with all the importance to which it can be entitled, we cannot help thinking that the penalty provided by the Bill is out of all proportion to the offence, and that the power it places in the hands of magistrates is something really alarming—certainly unusual. For the first offence the magistrate has the power to impose a fine of £100, and for a subsequent offence, a fine of £100 and imprisonment in the common jail for twelve calendar months with hard labor! This is, we maintain, not only too great a power to place in the hands of the magistrates, but too severe a punishment for the offence. We will be reminded that the magistrate need not exact the penalty to the full; that he has a discretionary power to make it as much lighter as he pleases. We decidedly object to so wide a range for the exercise of discretionary power. We care not how high the character of our magistracy may be, this Bill proposes to place an undue power in the hands of individuals. Legislation in this colony has for some time been tending in this direction; and we think the time has arrived when some sort of limit should be raised. If magistrates are to be invested with such enormous powers, we cannot see the utility of appointing another judge.

ANOTHER VICTORIA PETITION.

We have before us a printed copy of another British Columbia petition, hatched in that hot-bed of sedition—Victoria. The document purports to be a petition to the QUEEN from the people of this colony, praying for union with Vancouver Island, for reasons set forth therein. Considerations of space forbid our attempting any lengthened remarks in the present impression, but we may take occasion to recur to the subject. We understand that printed copies of the petition are being circulated by Mr. John Evans, who has recently attained considerable notoriety in kindred movements. We may take occasion on an early day to devote a little space to the consideration of the real position of this Mr. Evans with respect to the mining interests of British Columbia, and show by what very patriotic and unselfish motives he is actuated in his recent course of unscrupulous abuse of the Government. Perhaps the social and political status of Mr. Evans scarcely entitles him to so much consideration at our hands; but since he has thought fit to exchange the character of an "honest miner" for that of a mere demagogue and a would-be disturber of the peace and political tranquility of the colony, he becomes a legitimate subject of journalistic criticism, and it may be as well that the public should be more fully informed of the origin of his personal animus against the Government of British Columbia, leading him to become a willing tool in the hands of a political party in the neighboring colony.

THE "SIR JAMES DOUGLAS," a steam-tug built for the Government of the neighboring colony, says a Victoria contemporary, has been condemned as unfit for further service. The same paper says that Sir James Douglas and W. A. G. Young, Esq., are expected to return in June.

FROM SEMIAHMOO.—His Excellency's steam-yacht *Leviathan* returned from Semiahmo yesterday, whether she had gone with Mr. Gamble in connection with the operations of the California State Telegraph Co. It appears that the progress of the work has been much impeded by stormy weather. The line from Semiahmo was not in order, so that no communication was had.

COMING BACK AGAIN.—Private letters have been received in this city by which it appears that the Rev. J. Sheepshanks was to have sailed from England for this place in the course of the present month. Mr. Sheepshanks will meet with a warm welcome from his old parishioners.

ARRIVALS.—The schooner *General Harney* arrived from Whidby Island on Tuesday with a cargo of hay. The schooner *North Star* arrived yesterday with a general cargo for the north-west coast trade. The steamer *Enterprise* arrived from Victoria on Tuesday evening with a general cargo, and 100 passengers. She left again for Victoria yesterday morning. The str. *Fiddler* arrived yesterday from Nanaimo.

The British Columbian.

NEW WESTMINSTER, THURSDAY, MAR. 30, 1865.

Legislative Council.

TUESDAY, March 28th, 1865.

The House met at 3 o'clock p. m. All the members were present excepting Hon. Mr. Homer and Hon. Mr. Cornwall.

The minutes of previous meeting were read and confirmed.

The Hon. Colonial Secretary read a message from the Governor, assenting to the Mining Ordinance. Also a message enclosing a proclamation, providing that, in the case of any seizure under the Gold Export Ordinance, after deducting all expenses, one moiety shall be paid to the party informing.

NOTICES OF MOTION.

Hon. Mr. Walkem gave notice that he would introduce an Ordinance regulating suits of foreign creditors.

Hon. Mr. Holbrook gave notice that he would on Wednesday move a resolution, concurring in the opinion expressed in Message No. 30, in reply to the Victoria petition, and conveying to the Governor the thanks of the House for the manner in which His Excellency had supported their efforts to promote the interests of the colony.

Hon. Mr. Walkem thought the resolution ill-timed, inasmuch as it was calculated to open up a subject which it had been agreed to leave till towards the close of the session, and that it proposed to dispose of the petition in rather too summary a manner.

The Hon. Colonial Secretary thought the hon. member had better withdraw his notice. A petition bearing over 300 signatures was before the House, and no matter who the signers of that petition might be, it was entitled to separate and calm consideration.—Notice withdrawn.

The Hon. Mr. Holbrook gave notice that he would, on Wednesday, move for the consideration of Mr. Waddington's claim.

REPORT OF SELECT COMMITTEE.

Hon. Mr. Brew, Chairman of the Select Committee upon the Supreme Court Fees Ordinance, reported. The report was received and ordered to be printed, and the consideration of the subject was placed upon the Orders of the Day for Thursday.

TOLLS EXEMPTION ORDINANCE.

On motion of the Hon. Attorney-General this Bill, which provides for exempting certain unprepared native produce from road tolls, and certain telegraph material from the same, was read a first time, and the second reading set down for Wednesday.

INDIAN GRAVES BILL.

The Hon. Attorney-General moved the first reading of this Bill, the object of which is to protect the graves of the aborigines from violation or injury. The Bill was read a first time, and second reading fixed for Wednesday.

MARRIAGES BILL.

This Bill was considered in Committee of the Whole, Hon. Mr. Haynes in the chair. The Bill, which unfortunately occupies 28 clauses, provides for the solemnization of marriage in three different ways; also for recording the same.

Considerable diversity of opinion appeared to exist in the minds of hon. gentlemen as to whether marriage should be treated as a civil contract or a religious rite, or both. The various clauses were discussed, some of which were amended, when the Hon. Attorney-General expressed a desire to have its further consideration postponed till Wednesday, in order that a clause or two might be added making provision for the registration of births and deaths, now that the Registration Bill had been thrown out.—The committee rose, reported progress and asked leave to sit again on Wednesday, when the House adjourned till 3 o'clock on Wednesday.

WEDNESDAY, MARCH 29.

House met at 3 o'clock. All the members present excepting Hon. Mr. Homer and Hon. Mr. Cornwall. Minutes of previous meeting were read and confirmed.

MESSAGES.

The Hon. Colonial Secretary read a message from the Governor, declining to give his assent to the Admiralty Court Practice Ordinance.

Also, assenting to the Ordinance for Regulating the Harbors of British Columbia.

UNION QUESTION.

Hon. Mr. Holbrook asked leave to postpone the consideration of this subject for another week, owing to the absence of the hon. members for New Westminster and Lytton. Leave granted.

THE LIMITATION OF SUIT AND ACTIONS BILL.

The Hon. Mr. Walkem asked leave to introduce this Bill, the chief feature of which was to limit the time in which a foreign creditor could take proceedings against a debtor resident in this colony to two years.

The Hon. Colonial Secretary thought this Bill might be over till next session and give way to others of a more urgent nature. The Bill was dropped by consent.

MESSAGE NO. 33.

Hon. Mr. Holbrook moved for the consideration of Mr. Waddington's petition. He thought the merits of the claim ought to be discussed, inasmuch as the public naturally felt anxious respecting the matter.

Hon. Mr. Brew did not see how there could be a discussion upon a subject that had only one side to it, as he believed every member was of one opinion.

Hon. Mr. Walkem disapproved of the course taken by the Hon. Mr. Holbrook, and hoped he would withdraw his motion.

The Hon. Colonial Secretary thought the hon. member for Douglas had better adopt a different course, and move for papers, &c.; so that he might have an opportunity of making himself acquainted with the subject. The matter was postponed till Friday.

TOLLS EXEMPTION ORDINANCE.

The Hon. Attorney-General moved the second reading of this Bill, which provides that "all wheat, beans, peas, oats, barley, and grain of all kinds, hay, roots, vegetables, and other agricultural produce in an unprepared state, the growth of the Colony of British Columbia, shall be exempt from liability to any road or ferry tolls in the colony, payable and paid to the use of Her Majesty, Her heirs and successors." It also provides for the exemption of stores and materials used in the construction of the International Overland Telegraph.

Hon. Mr. Walkem seconded the motion.

Hon. Mr. Holbrook spoke in support of the Bill, which was in pursuance of a resolution he had the honor to move; but he objected to the latter part, as he thought the Telegraph Company ought not to have their stores admitted free of duty. The Bill was read and committed for Thursday.

INDIAN GRAVES BILL.

The Hon. Attorney-General moved the second reading of this Bill, which provides for the protection of Indian graves. The Bill was read a second time and committed, and the third reading set down for Thursday.

MARRIAGES BILL.

The Committee of the Whole resumed the consideration of this Bill, Hon. Mr. Haynes in the chair. Clause 4 was struck out, and the Attorney-General asked for further time in order to prepare some additional clauses. Granted.

TOLLS EXEMPTION BILL.

The Rules were suspended, and this Bill was considered in Committee of the Whole and passed. The Council adjourned till Thursday at 3 o'clock.

Later from the Interior.

From Mr. Smithson, who arrived in this city on Tuesday evening with Dietz & Nelson's Express from Lillooet, we glean the following items:—At Lillooet the snow was rapidly melting away under the genial rays of the sun. Charles Rowentree, a packer, had left with a loaded train—the first of the season. Miners en route to Cariboo were beginning to arrive freely, and business was consequently improving. Stock on the Fraser above Lillooet had wintered remarkably well, scarcely an animal having perished. At Crow's Bar, where the express stock is wintering, animals were in fine condition. Below Lillooet stock had been less fortunate. It was rumored that out of 45 head Kwong Lee had lost 40!

Considerable mining is going on between Lillooet and Canoe Creek, and in many instances good pay is obtained at low water mark. A company on Big Bear had struck ground prospecting \$20 a day to the land. A Frenchman who arrived at Lillooet from Williams Creek reported the death of Mr. Winnard. There is no later news of interest from the Cariboo gold fields.

Travel on the Douglas-Lillooet route has fairly set in. The lake steamers are making regular trips, and Kitter's sleighs are running on time over the Pemberton Portage, making regular connection with the steamers. On Douglas Portage the road is good for foot travel; and it is expected that it will be open for teams by the end of the present week. A large number of men are at work upon it. The Douglas people are making great preparations for the spring trade.

LATER FROM LYTTON.

Mr. L. Allard, of Lytton, arrived in this city on Tuesday night, having made the journey in less than 6 days. The weather at Lytton was clear and cold—snow all off the flat and about a foot deep in the country. Mr. Allard describes the travelling as good for foot passengers, and in excellent condition for teams with the exception of the canyons.

MINING.

Upon the bars of the Fraser, both above and below Lytton, a good deal of mining is being carried on, and large numbers of Chinese are reaping a rich harvest. On Mormon Bar, five miles above Lytton, there are a number of white men at work, making \$100 a day to the rocker. Owing to the unusually low stage of the river rich ground is being found on many bars, which had not been previously reached.

News from the East.

By last steamer we are placed in possession of news from the seat of the American war up to the 18th inst. The chief feature of the news is an account of a terrible battle in the vicinity of Kinston, North Carolina, about thirty miles west of Newbern, on the river Neuse. Bragg commanded the Confederate forces, 25,000 strong, while the Federals were commanded by Cox, but the strength of his command is not stated. The engagement is described as a most severe one, commencing on the 8th and terminating on the 11th, during which time the Federals received almost incessant charges from the Southern troops. For some time the Federals evidently had the worst of it until reinforced when Bragg retired across the river. The Federal loss in this engagement is set down at 2,000 including prisoners, while that of the enemy is said to have been much greater. Sherman had reached Fayetteville and was in communication with Schofield, and joint operations were commenced against Raleigh and Goldsboro. These two armies were gradually approaching the Virginia line, with but slightly varying success. The Federal President has issued a decree causing all citizens or domiciled aliens engaged in holding intercourse or trade with the insurgents by sea, to be held as prisoners of war, and also warning all non-resident foreigners found in the United States, and who have been engaged in violating the blockade of insurgent ports, to leave within twelve days if on the Atlantic side or forty days if on the Pacific side, on pain of arrest and detention till the end of the war.

European News.

Sir Frederick Bruce succeeds Lord Lyons as British Minister at Washington.—In the House of Lords, February 27th, Lord Taunton presented petitions from Australia, praying for the immediate abolition of transportation of convicts. Earl Granville said the Government would abolish the system.—The Bank of England has reduced its rate of discount from five to four-and-a-half per cent.—The opening of the telegraph to India attracts much attention.—Queen Victoria has temporarily emerged from her seclusion, and has received foreign ambassadors and members of legation in state at Buckingham Palace. Adams, the American minister, was present. The Queen was to hold another Court on the 13th of March.—The mother of the Queen of Holland died at the Hague, March 1st.—The Queen leaves for Germany in May, when it is said the Princess Helena will be betrothed to the Hereditary Duke of Saxe-Weimar.—Mr. Bright had delivered a most energetic speech to his constituents on the non-intervention policy of England and the Franchise.—The Emperor of the French has at length issued his great work on Julius Caesar, in French, English and German.—The English papers state on good authority that the late cyclone at Calcutta cost sixty thousand lives. Several populous islands were almost completely swept of their inhabitants.—It is stated that there are 156 petitions to be heard in the Divorce Court during the present term. It is impossible for Judge Wylde to get through them, and the probate work will probably be transferred to the next Judge of Admiralty.—The Princess Louise is dangerously ill, and fears are entertained for her life. Her disease is said to be neuralgia, although by some it is said to be consumption.

The Eastern Provinces.

Canada was to be exempted from the operations of the passport system, although it would appear that Nova Scotia was not.—The Government of New Brunswick had resolved upon a dissolution of the Legislature in order to submit the Federation Scheme to the people.—The debates on the Confederation were causing much interest. The galleries of the House were crowded. The Hon. Geo. Brown spoke four hours and a half, and was listened to with deep interest all through. Mr. McGee was to speak on the following day.

QUEBEC, March 17.—It is expected that Parliament will adjourn to-morrow, when the delegation from the Canadian Government will proceed to England to confer with the Imperial Government in relation to the questions of defence and commercial relations with the United States, and other important matters.

QUEBEC, March 15.—Parliament last night voted a million of dollars for the permanent defence of the Canadian frontier, and for the expense of the volunteers on the frontier. The Finance Minister in a speech said the Canadian Government were of the opinion that so long as the American war lasted, we must have defence on the frontier in the shape of police and military, to support the civil authorities and fulfil the obligations we are under to act the part of good neighbors towards the United States.—Mr. Torrance, Q. C., was sitting as commissioner appointed by Government to enquire into the conduct of Mr. Justice Coursin in discharging the duties of the "Canada" have been liberated, and took passage in the "Canada" which sailed for Liverpool last Wednesday.—Four judges at Toronto have decided that Hurley must be given over to the United States authorities.—The House of Assembly at Newfoundland was opened on Friday by the Governor, who delivered a long speech on Confederation.—The Quebec Chronicle says that several of the leading contractors for public works have been privately invited by the Imperial Government to tender for the construction of two new fortresses at Levis and Orleans.—The shipping of the Atlantic Telegraphic Cable on board the vessels which are to convey it to the "Great Eastern" commenced on the 19th ultimo. The London Times thinks there can be little doubt that it will be successfully laid.—A disastrous fire occurred in Buffalo a few days ago. The loss is estimated at from \$500,000 to \$600,000. Several persons are reported killed by the falling of a wall.

Kootenay.

The Walla Walla Statesman of March 10th says:—A party arrived in town from the Kootenay mines this week. They left Fisherville on the 1st February, and say that prospectors were returning there from the upper Columbia, reporting that the Columbia diggings were a humbug. This party confirm the former reports in regard to the hill diggings at Kootenay. The pack-trains that started for the Kootenay mines a week or two ago from this city, have been compelled to lay by on the Touchet and Snake Rivers, on account of cold and stormy weather. Mr. Michael Tomy has established a new ferry on Snake river, on the route to Kootenay and Colville five miles above Kellogg & McAllister's ferry. Ned James and Moses Drouillard have started an express line to Kootenay, to run from Walla Walla direct.

FIRE IN VICTORIA.—A fire broke out in Mr. Milby's store on Saturday. By the prompt and energetic action of the fire department the fire was confined to the premises in which it originated. The greatest praise is given to the firemen, and several large firms are out with cards of acknowledgment. One firm—Messrs. Grelly & Fitterre—donated \$100 to the department.

THE "FIDELITER."—This steamer arrived yesterday from Nanaimo. She brought the iron frame, &c., for the vessel about to be built here by Capt. Franklyn, of Nanaimo, the keel for which was taken out yesterday. The Fideliter will leave for Nanaimo to-day.

SHIPWRECK AND LOSS OF LIFE.—Portland papers give an account of the stranding of the bark Industry on the Columbia River bar, on the 16th inst., and the loss of 14 lives.

That Victoria Petition.

MR. EDITOR.—We have all read about Yankee ballot-box stuffing; but we needn't point to our American neighbors, after the Victoria petition which you published on Tuesday. What an expose! Out of the 321 names paraded before the public as bona fide British Columbia miners less than one-third are what they profess to be. I see upon the list the names of men now in Canada, and California, while others who were on the high seas at the time the bogus petition was conceived come to the rescue of "our colony," and I doubt not there are scores of persons on it who never saw our mines, and others who never saw Victoria—names culled from some post-office letter list. We have Mr. Kneeshone, but why didn't they give us his brother Mr. "Jawbone"? There is a tolerable sprinkling of the big O's, but why were the O'Tools, the O'Byrnes, and all the other great O's of historic fame omitted?

In the 4th clause of the petition it is resolved that, "when signed by the miners and traders of British Columbia now in this city (Victoria), and by none others," &c., &c. I venture to assert, Mr. Editor, that a more corrupt and unblushing attempt to make an improper use of men's names without their consent, or of manufacturing men of straw for the purpose of imposing upon the Government of this colony will not be found recorded in modern history. But, luckily for this colony, we have now a statesman at the head of affairs who possesses both the will and the ability to treat all such machinations as they deserve, and expose the authors of them to the merited scorn of every right-thinking man. What could be more scathing than the quiet vein of sarcasm which runs through one of the most masterly papers which ever came from the hand of the Governor of a British colony? Couched in the most polished and courteous language, every sentence is made to burn to the very quick. You very properly declined, in your veneration for the production, to comment upon it. Your youthful contemporary would have displayed more wisdom by following your example.

I confess I feel a little curious to know what move the Victorians will make next. So significantly have they been foiled of late that I should almost expect a complete change of programme. They must have come to the conclusion by this time that Governor Seymour is not the subject for them to operate successfully upon; and after the bogus petition exposure they cannot seriously think of proceeding with their union petition scheme, for it would be open to the same suspicion. They would do well to give up the petitioning business. The authorities in Downing street will doubtless be supplied with a copy of the last one, accompanied by the fullest explanations &c. for their information. Perhaps the best thing they could do would be to send Mr. McClure back again to undo, if possible, what he was so anxious to claim the credit of doing a little more than a year ago. Craving pardon for the length of this, I beg to subscribe myself

TIMOTHY SHINBONE.

HOLLOWAY'S OINTMENT.—All varieties of ulcers, bad legs, sores, wounds, and eruptions, can be cured by the diligent use of this cooling, soothing and healing Unguent. The old and often-failing fashion of strapping the edges of ulcers together with plaisters has entirely given way before the more reasonable treatment by Holloway's Ointment, which builds up from the bottom of the wound with sound and healthy granulations; these gradually grow till they reach the level of the surface, then contract, harden, and immediately become covered with a new and wholesome skin. The proper application of this Ointment diminishes the inflammation, causes the unhealthy discharge first to grow thick, then to cease. The Pills should be taken so as to act in unison with the Ointment.

SAUCE—LEA AND PERRINS' WORCESTERSHIRE SAUCE

PRONOUNCED BY CONNOISSEURS TO BE THE ONLY Good Sauce AND APPLICABLE TO EVERY VARIETY OF DISH.

Extract of a letter from a medical gentleman at Madras to his brother at Worcester, May, 1851:—"Tell Lea and Perrins that their Sauce is highly esteemed in India, and is, in my opinion, the most palatable as well as the most wholesome Sauce that is made."

CAUTION.

LEA AND PERRINS Beg to caution the Public against spurious imitations of their celebrated

WORCESTERSHIRE SAUCE.

L. & P. HAVE discovered that several of the Foreign Markets have been supplied with SPURIOUS IMITATIONS, the labels closely resembling those of the genuine Sauce, and in one or more instances the name of L. & P. forged.

ASK FOR LEA AND PERRINS' SAUCE.

* * * Sold Wholesale and for Export, by the Proprietors, Worcester; Messrs. CAHOSE & BLACKWELL; Messrs. Barclay & Sons, London; &c., &c.; and by Grocers and Oilmen universally.

ALL CURES MADE EASY!!
HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores,
Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the
healing properties of this excellent Ointment. The
worst cases readily assume a healthy appearance when
ever this medicament is applied; sound flesh grows
up from the bottom of the wound, inflammation of the
surrounding skin is arrested, and a complete and per-
manent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.
These distressing and weakening diseases may cer-
tainly be cured by the sufferers themselves, if they
will use Holloway's Ointment, and closely attend to the
printed instructions. It should be well rubbed upon
the neighbouring parts, when all obnoxious matter has
been removed. A poultice of bread and water may some-
times be applied at bed time with advantage; and some
scrupulous cleanliness must be observed. If these pre-
cautions are taken, the Ointment will bring it under the notice
of their acquaintances whom it may concern, and
will render a service that will never be forgotten, as
cure is certain.

Rheumatism, Gout & Neuralgia.
Nothing has the power of reducing inflammation and
subduing pain in these complaints in the same degree
as Holloway's cooling Ointment, and closely attending to the
printed instructions. When used simultaneously they drive all inflammation
and depravities from the system, subdue and remove
all enlargement of the joints, and leave the sinews and
muscles lax and uncontracted. A cure may always be
effected, even under the worst circumstances, if the use
of these medicines be persevered in.

Eruptions, Scald Head, Ringworm & other Skin Diseases.

After fomentation with warm water, utmost relief and
speediest cure can be readily obtained in all complaints
affecting the skin and joints, by the simultaneous use of
the Ointment and Pills. But it must be remembered
that nearly all skin diseases indicate the depravities
of the blood and derangement of the liver and stomach,
consequently, in many cases, time is required to purify
the blood, which will be effected by a judicious use of
the Pills. The general health will be readily improved,
although the eruption may be driven out more freely
than before, and which should not be promoted; per-
severance is necessary.

**Sore Throats, Diphtheria, Quinsy,
Mumps & all other Derangements
of the Throat.**

On the appearance of any of these maladies the Oint-
ment should be well rubbed at least three times a day
upon the neck and upper part of the chest, so as to
penetrate to the glands, as salt is forced into meat;
this course will at once remove inflammation and allevi-
ation. The worst cases will yield to this treatment by
following the printed directions.

**Serofula or King's Evil and Swelling
of the Glands.**

This class of cases may be cured by Holloway's puri-
fying Pills and Ointment, as their double action of puri-
fying the blood and strengthening the system renders
them more suitable than any other remedy for all com-
plaints of a serofulous nature. As the blood is impure
the liver, stomach and bowels, being much deranged,
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following
cases:—
Bad Legs. Chapped Hands. Scalds.
Bad Breasts. Contracted and Sore Nipples.
Burns. Stiff Joints. Skin-throats.
Blisters. Elephantiasis. Skin-diseases.
Bite of Mosquitoes. Fistulas. Scurs.
and Sand-Flies. Gout. Sore-heads.
Coco-bay. Glandular Swell- Tumors.
Chiego-foot. Ulcers.
Corns (soft). Lumbago. Wounds.
Cancers. Piles. Yaws.
Chilblains. Rheumatism.

Sold at the establishment of Professor HOLLOWAY
244, Strand, (near Temple Bar) London; and by all re-
sponsible Druggists and Dealers in Medicines through-
out the civilised world, at the following prices:—1s.
1ld., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Pot.
